Safeguarding is the action that is taken to promote the welfare of children and protect them from harm. The safety and welfare of children is everyone’s responsibility. As and from 1st July 2017 all staff, training partners and volunteers must comply with Aware’s Child Safeguarding Statement. This document was developed in conjunction with:

- *Children First: National Guidance for the Protection and Welfare of Children*
- *Guidance on Developing a Child Safeguarding Statement* ([www.tusla.ie](http://www.tusla.ie))

1. **Name of service being provided:**
   Aware undertakes to create a society where people affected by stress, depression, bipolar and mood disorders are understood, supported, free from stigma, and are encouraged to access appropriate therapies. Aware provides a range of supports and services which include:
   - Beat the Blues and Life Skills in Schools. Support Services – life skills online, support groups, support line and support mail. Adult educational programmes – Life Skills group and Relatives Programme.

2. **Nature of service and principles to safeguard children from harm:**
   - Beat the Blues and Life Skills are free programmes delivered at the request of the school to senior cycle students aged 15 and over. Beat the Blues is a positive mental health programme. Life Skills is designed to help young people learn new ways to deal with concerns and challenges in life and is delivered over 4 sessions of 90 minutes per session. It uses an approach based on the principles of cognitive behavioural therapy (CBT) which focuses on thinking and behaviour. These two educational programmes are delivered on school premises by an Aware training partner (paid contractors). A teacher must be present throughout programme delivery. Any issues or concerns which come to the attention of the training partners are brought to the schools attention. All training partners comply with Aware Confidentiality Policy ([https://www.aware.ie/about/privacy-policy/#Confidentiality Statement](https://www.aware.ie/about/privacy-policy/#Confidentiality Statement))
   - Support services (life skills online, support groups, support line and support mail) are delivered by trained volunteers. The services are for people aged 18 and over. The
services delivered are non-directive and provide a proactive listening environment for individuals to gain support and explore helpful options. All volunteers comply with Aware Confidentiality Policy (https://www.aware.ie/about/privacy-policy/#Confidentiality Statement)

- Adult educational programmes (life skills group and relatives programme) are delivered by Aware training partners (paid contractors). The programmes are for individuals aged 18 and over. All training partners comply with Aware Confidentiality Policy (https://www.aware.ie/about/privacy-policy/#Confidentiality Statement)

- Staff, volunteers and training partners have access to relevant information and role description regarding the post prior to applying for the role. The selected applicants engage in a thorough selection process which includes an application form, interview, reference checks and Garda Vetting. They receive extensive initial and ongoing training/supervision and take part in regular quality checks. Prior to commencing in the role all staff, training partners and volunteer must complete the online Children First training. Aware commits to ensure that where child neglect or abuse is suspected to be occurring, that Aware staff, training partners and volunteers will effectively deal with the matter in a timely, appropriate and professional manner.

We will adhere to the following:

- Recognise that the protection and welfare of children is paramount, regardless of all other considerations.
- Fully comply with its statutory obligations under the Children First Act 2015 and other relevant legislation relating to the protection and welfare of children.
- Fully co-operate with the relevant statutory authorities in relation to child protection and welfare matters
- Adopt safe practices to minimise the possibility of harm to children, vulnerable adults and staff.
- Fully respect confidentiality requirements in dealing with child protection matters.
