ROLE DESCRIPTION

WHAT IS THE PURPOSE OF THE SUPPORT LINE?

The Aware Support Line provides telephone support and information for individuals experiencing depression, bipolar disorder and other mood related conditions and for family and friends supporting a loved one. This is a national freephone service and operates 1-am-10pm, 7 days a week.

WHAT IS THE ROLE OF THE SUPPORT LINE VOLUNTEER?

Support Line Volunteers ensure that all calls to the Aware Support line are conducted within the Support Line call framework, as clinically approved and outlined at initial and ongoing training. Each volunteer is fully trained to respond to calls with empathy, and to empower the caller by signposting helpful next steps and options, referencing our approved list of organisations, and encouraging positive action while adhering to Aware's ethos, policies, and procedures. Support Line volunteers are non-directive and do not offer advice to callers.

Aware Support Line volunteers are empathic, compassionate, and possess excellent communication and interpersonal skills. They work within the Aware Support Line call framework and maintain a good rapport with the caller. They are enthusiastic and passionate about positive mental health and adhere to Aware's ethos. Volunteers are respectful of others and value the importance of being a supportive team player. They are willing to make an 18-month commitment to volunteering with Aware and to participate in ongoing developmental training. Experience in mental health study, work, or volunteering is not a requirement but can be helpful.
